Eclipse Table

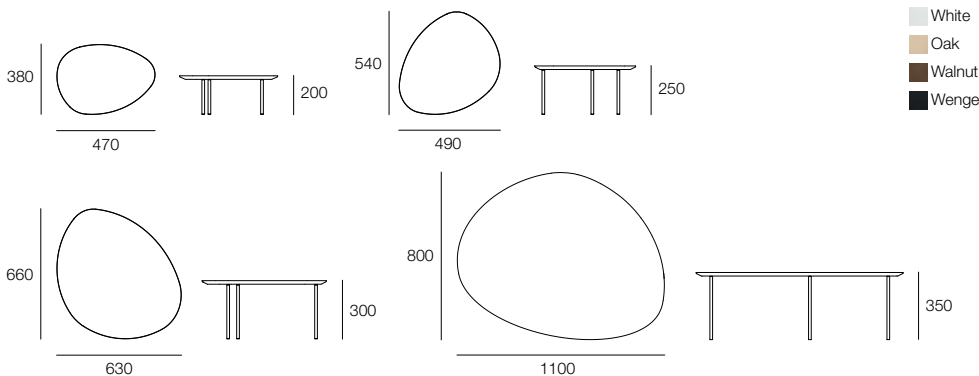

Design Jon Gasca

The Eclipse collection of tables, inspired by the organic forms found in nature, comprises four tables in different shapes, sizes, and heights. When arranged in a nest, the smaller tables can be concealed under the larger ones and effectively disappear – just like a natural eclipse. Supported by mild steel legs finished to satin chrome, the thin, rounded Eclipse tabletops are available in white laminate with a white painted edge, oak veneer, walnut veneer or wenge veneer. Eclipse tables can be sold separately.
