E-Motive Chair

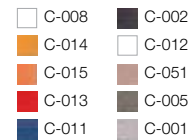

E-Motive Armchair

E-Motive 4-seat Beam

Polypropylene Finishes

The striking E-Motive collection offers a range of custom finishes, making it perfect for a number of settings. The E-Motive chair features a separate seat and back available in either moulded polypropylene or upholstered in a choice of house fabric, leather, vinyl or to clients own specification. The entire frame (including the optional arms) is made from injected aluminium and can be clear anodised, chromed or powdercoated in a house colour. The E-Motive collection also includes a cantilever chair, a castor-based chair, and a beam seat system.
