Zoe Collection

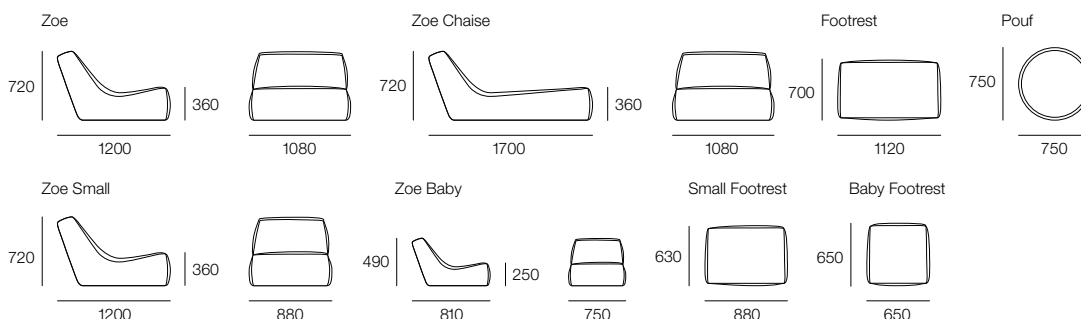

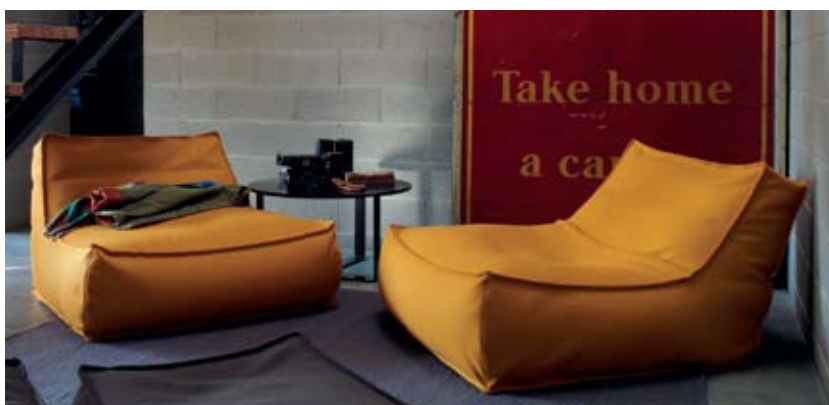

Design Lievore Altherr Molino

Zoe is distinguished by its superior comfort and casual design. The collection includes: large armchair; small armchair; chaise longue; baby armchair; and a pouf, which is available in a range of sizes. The Zoe collection features an eye-catching visible-seam cover design, which is available in a number of compatible fabrics or leather. If fabrics other than those recommended are desired, the items can be made using classic stitching, but lightweight fabrics are not advised.

The cover is fully removable. The Zoe collection is unique in its framework, built with no supporting frame, rather shaped by a 100% Twill cotton cover encasing five separate chambers, each filled with expanded polystyrene pearls. Each chamber is equipped with a safety pocket to contain the beads and has a zip to assist in refilling.
