Australian Design in Milan

Some of our local leaders in design will be featured in Milan too, we're proud to have supported them.

Local designers and proud partners of Stylecraft, **Ross Gardam** and **Tom Skeeahan** both form part of the Milan 2018 **LOCAL DESIGN** collective. In the third edition of **LOCAL MILAN**, 26 Australian designers will form the largest independent showcase of Australian design in Milan to date. Curated by LOCAL DESIGN founder **Emma Elizabeth**, the showcase is focused on advancing the awareness and understanding of Australian design amongst a global audience.
