Jacket Lounge

by Patrick Norguet

The Jacket lounge chair takes its inspiration from the fashion industry. Featuring a tubular powdercoated mild steel frame, Jacket then features quilted upholstery that folds along the back of the frame - reminiscent of a jacket collar. Button detailing is used to attach the upholstery section to the frame on the back and sides. Two loose seat cushions for the seat and back offer additional support and comfort. Jacket is available in Tacchini house fabric with the frame available in Black, White, Grey or specified RAL colour.
