Sesann Lounge & Armchair

by Gianfranco Frattini

A key component of Tacchini's Design Classics collection, the Sesann lounge was designed by Gianfranco Frattini in the 1970's and has been reissued to complement today's style of living.

Sesann is characterised by an organic and informal shape and is defined by the tubular metal detail that wraps around the soft, upholstered seat. Fabric or leather from Tacchini's house range may be specified for the upholstery, with the tubular metal frame available in a selection of chrome or house powdercoat finishes. The Ash timber feet may be stained to dark walnut or grey.

The Sesann is also available in a single armchair to complement the two sizes of the lounge.
