STUA

# Gas Office Chair

by Jesús & Jon Gasca

With its elegant lines, the Gas Office chair by Stua may be considered for commercial and home office environments. The fluid seat, back and arm detail is manufactured from an injected and extruded aluminium with the seat and back available in polypropylene to house colour or in a range of house fabric or leather upholsteries. The castor base chair features a gas actioned height adjustment, whilst the fixed height model on glides features a swivel return mechanism. The Gas office chair is also available with the option of no arm rest. The frame and base of the Gas Office Chair is available in black or white powdercoat or to polished finish.
