

NOON

COFFEE TABLE

Bringing lightness and balance to a collection of rich, cohesive materials. Graphic in nature, the Noon Tables offer striking material combinations confined within an outer ring. The top is contained within half-milled legs creating a tension and lightness between the surfaces.

The Noon Tables are available in two sizes, Ø500mm x 450mm high and Ø1000mm x 350mm high. Both the top surface and frame are available in a variety of finishes with alternate colours available upon request. The table series is also available in the Noon Tri-Cut finish of marble, black mirror and walnut.
