Steeve Lounge

by Jean-Marie Massaud

A bold and architectural silhouette whilst at the same time appearing slender and light is the Steeve lounge and modular system.

Steeve features components including an armchair, lounge in two sizes and ottomans. The armchair and lounge are available with or without arms, or a single arm to one side to accommodate a wide variety of configurations. Corner lounge modules in a 90° or 135° allow Steeve to conform to many spaces.

The Steeve collection is available in two variants in either full upholstery or with timber veneer panelling to the external sides. Fabric or leather is able to be specified from Arper's house textile range.

Allowing for individuality, Steeve provides the option of two base types - mild steel leg in black powdercoat or a T shaped base in aluminium to polished or house powdercoat finish.

Lead time

14 weeks

Warranty

5 year structural warranty

Certification

ISO 14001

Maintenance
