Strain Barstool

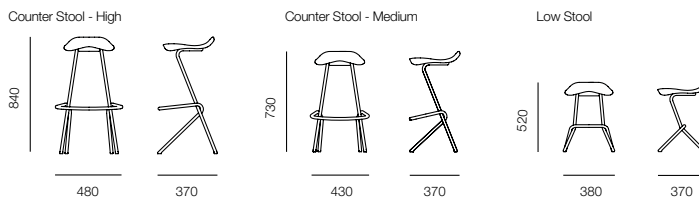

by Simon Morasi Pipercic

A signature style is the hallmark of the Strain barstool. Featuring an interwoven steel frame that defines the complete seating collection, the Strain barstool possesses an ergonomically designed seat, inspired by a saddle.

The Strain barstool is available as a low stool and two heights for the counter stool version. The seat is crafted from solid timber in the following species - Oak; in a choice of four stains, Ash or European Walnut. The tubular steel base is finished to house powdercoat colour or options of black chrome or copper.
