Please refer to the Stylecraft Care & Maintenance Guide on product listing

Versatility and functionality combine to create the Catifa 46 sled base chair by Arper. Suitable for an array of settings and purposes, Catifa 46 features a polypropylene shell, in either single tone or two tone, or unique double curved plywood. Full upholstery is available featuring the distinctive line stitch detail or front face upholstery option, where the texture of the textile on the front combines with the gloss polypropylene of the shells back. Available with or without armrests, the mild steel sled frame is finished to bright chrome or house powdercoat colour is available.

The Catifa 46 sled base chair with selected colour polypropylene shells and chrome, white or black powdercoat frames are stocked items. Full or front face upholstery detail requires a lead time of 6 weeks. If stocked components are unavailable, the lead time is up to 14 weeks.
