Zoe by Verzelloni is distinguished by its superior comfort and casual design. The Zoe lounge features an eye-catching visible-seam or punto cavallo stitch design, when specified with compatible house fabrics or leathers. The cover is fully removable. The Zoe collection is unique in its framework, built with no supporting frame, rather shaped by a 100% Twill cotton cover encasing five separate chambers, each filled with expanded polystyrene pearls. Each chamber is equipped with a safety pocket to contain the beads and has a zip to assist in refilling. An optional foot stool may also be considered.

The Baby Zoe version is suitable for children's rooms or casual breakout spaces.
